Description of the application

Attached representation

 Drawing
 3D model

Information on consumers

Number of consumers

Article number

Number of supply cables Independently switchable

Number of air connections required

Technical data

Total volume (sum of all consumers) [cm³]

Max. operating pressure per consumer 4 bar
 6 bar

Taktzeit Cycles/min
 or Cycles/h

Total length of the supply cables [cm]

Outer diameter of the supply cables [cm]

Environment

Operating temperature [°C]

Clean Slightly soiled Soiled

Features

 Pressure reservoir
